

Stefania Gambino

UX/UI DESIGNER

About me

My name is Stefania, I'm a **Digital Designer**, specialized in **UX/UI Design** and Industrial Design with a biomedical focus. Although my background may seem **unconventional** for a career in design, it has provided me with a unique perspective on User Experience and a skill set that enables me to communicate effectively with engineers and developers.

My greatest strength is the ability to maintain a **holistic view** of a project, ensuring that all elements are coherent and aligned with the end-user's needs.

Contact me

Phone : +39 3282362741

Email : stegambino91@gmail.com

Address : Corso Regina Margherita, Torino

Education

Start2Impact University - **Master in UX/UI Design**
2022-2023

Politecnico di Torino - **Bachelor's Degree in Biomedical Engineering**
2011-2019

Work Experiences

T.rem3die - **Biomedical Engineer**

Working in a dynamic and constantly evolving environment has enhanced my problem-solving skills. Additionally, I have developed critical and analytical thinking.
2020-2022

Freelance Graphic Designer

I have worked on logos, visual communication, and web design for small businesses. I have learned to manage my time and interact with clients.
2017-2020
